

Hexies 3 Ways Class

Joyce Grande jgrande2@comcast.net

FKQG - Tuesday Feb 22, 9am to 4pm
Sarasota Community Church

There is a kit that comes with this class - \$10 each payable to the teacher at the class.

In this class you will learn 3 different ways to make a hexagon quilt. In the EPP segment you will learn all the shortcuts and the best tools to be successful at doing hand piecing. Next you will learn a very modern technique for doing hexies with no hand sewing and a quilt as you go technique. And finally, you will tackle the easy peasy way of machine sewing hexies with no Y seams. This is a technique class, no finished project, but you will be able to go home and work on your own!
