ABOUT

Born and raised in Michigan, I am a Mid-Western girl at heart. I graduated from the Columbus College of Art & Design in Columbus, Ohio where I studied both commercial and fine art, with a focus on Advertising and Printmaking. My favorite was limestone lithography, which is where I fell in love with process-driven art mediums. This led me down many roads to exploring and honing skills in techniques like collaging, stained glass and quilting.

My career in Product Design & Development took me from Ohio to Michigan to Minnesota and landed me in New York, where I resided for 20+ years before moving to Florida in 2021.

I have been quilting for over 30 years, making my first stitch back in 1992. It all started when my mom and I signed up for an "Introduction to Quilting" class. I never expected to fall in love with the art of quilting like I did. From that day forward, I was hooked and have been quilting (and collecting fabric) ever since. I began designing my own quilting patterns early on, and have a natural knack for creative and interesting color & design combinations.

In addition to quilting, I am a fine artist, specializing in acrylic painting and collage art; I have won several national awards for my work, and have my first book debuting in December 2022: *The Ultimate Modern Quilt Block Collection*. You can view some of my portfolio at www.daisydodgeart.com.
