

DAISY DODGE WORKSHOP

BAUHAUS SAMPLER QUILT IDEATION

This class is directly based on Bauhaus-inspired quilt block designs found in my book: The Ultimate Modern Quilt Block Collection.

The class agenda includes:

- a presentation of the art of the Bauhaus,
- a bit of color theory and choosing impactful, unique palettes,
- basics of foundation paper piecing,
- designing unique, one-of-a-kind quilts, utilizing postage-stamp sized quilt block graphics which will be assembled by students, creating their own personal quilt roadmap

With my technique, students will have fun approaching modern quilt design in a fresh way. For experienced modern quilters and beginners alike, students will find ease and confidence as they build their quilt roadmap with provided materials.

Class fee includes reusable Roadmap Kit for quilt design and depending on fee structure, either: (a) 10 FPP copies to start quilt assembly in class + copy of book OR (b) FPP copies for entire quilt. Details can be discussed.

Below is an image of the roadmap used to create Treasure Island, as well as a few other quilts featured in my book. The goal of this class is not to emulate one of the patterns featured in the book, but rather have students create their own patterns with design and color techniques I will share in class.
